This Office action is in response to applicant's amendment filed on 11 May 2005, which has been entered.

### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Per MPEP section 606.01, the title of the invention is being changed to more clearly indicate the invention in accordance with the allowed claims. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**In the Title:** Change the title of the invention to --Semiconductor device using low-k material as interlayer insulating film and including a surface modifying layer--.

2. Claims 5-7 are allowed.

3. The following is an examiner's statement of reasons for allowance: Claims 5-7 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a semiconductor device that includes a conductive

connector that is buried in first and second insulating films for interconnecting a wiring pattern to a semiconductor element, with the second insulating film overlying the first insulating film and also having a lower dielectric constant than the first insulating film, wherein a surface modifying layer formed by using silane coupler or metal coupler is formed on an upper surface of the second insulating film and defines a trench bottom corresponding to the wiring pattern.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
